Polly Arango, Lance Chilton, Katherine Chilton, James Dudley, Patricia McEnearney Stelzner : Touring New Mexico (Coyote Books series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Touring New Mexico (Coyote Books series):

1 of 1 people found the following review helpful. Thoughtful resource
By Connie M. Gould
Great drawings. Good info. Useful for traveling around the state. Really good resource. Thoughtful history included so that you get a better understanding of the state and the cultures that are prominent in the state.

Touring New Mexico is a new travel guide by the authors of *New Mexico: A New Guide to the Colorful State*. More portable than its predecessor, the book includes the same personal introduction to New Mexico's land, people, food, art, and environment in a smaller format. Each of the eighteen tours begins in a readily accessible town and many can be completed in one day. Clear, readable maps accompany each tour. In addition to covering the usual tourist attractions, the authors provide a calendar of yearly events, entradas that describe the various ways to enter the state, and up-to-date information on the less well-known small towns, farming communities, pueblos, and villages that only travelers with an intimate knowledge of the state and its culture could provide. Touring New Mexico will be especially valuable to the first time visitor or newcomer, but it will also be a handy reference for residents who love to explore their state. Enlivened by line drawings by artist and calligrapher Katherine Chilton, this book will charm and inform readers and explorers.

About the Author
Lance Chilton lives in Albuquerque where he is a pediatrician and clinical professor of pediatrics at UNM.
Katherine Chilton is a calligrapher and designer in Albuquerque.
James Dudley lives in Albuquerque.
