**Charles R. Goeldner, J. R. Brent Ritchie : Tourism: Principles, Practices, Philosophies** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tourism: Principles, Practices, Philosophies:

0 of 0 people found the following review helpful. Four Stars By TurfGot the job done for class. 0 of 0 people found the following review helpful. Numbers dates seem outdated By CustomerHad to purchase for class, very informative however it seems to be a little outdated as far as numbers and dates goes. So if your for some reason not using this for a lecture class then I recommend keeping this in mind 0 of 0 people found the following review helpful. Good one By Sam Solberg this is a good one and amazingly its very good

A new edition of the bestselling introduction to tourism textbook From the local to the global level, the forces that shape today's economic and social conditions also affect the tourism industry. Anyone involved in the work or study of today's tourism industry must consider all these factors together and their effect on it. This updated and revised

Eleventh Edition of Tourism presents a comprehensive introduction to travel and tourism, while continuing the tested approach of successful previous editions. New and revised coverage, integrating the latest developments in the tourism industry, includes: Profiles of such industry leaders as J. W. Marriott, Jr, of Marriott International, Inc., James Rasulo of Walt Disney Parks and Resorts, and Francesco Frangialli, Secretary-General of the United Nations World Tourism Organization Lively and fun "Global Insights" look at emerging areas of importance in tourism Demographic trends, such as how the many new travelers from BRIC nations (Brazil, Russia, India, and China) recreate and seek culture New information on transportation options, including high-speed rail and river cruises New consideration of the use of the Internet, particularly Web 2.0 (podcasting, social networks, and blogs), in tourism research, marketing, and promotion Updates on passport, visa, and governmental policies Expanded treatment of crisis management Moving easily between theory and practice, Tourism, Eleventh Edition offers an unparalleled discussion of recreational travel today, and is suitable both as a lively learning tool for students and a reliable go-to reference for tourism professionals.

"...a comprehensive introduction to travel and tourism, while continuing the tested approach of successful previous editions...offers an unparalleled discussion" (CentreDaily.com, February 5th 2009)From the PublisherExplores major concepts in tourism, what makes tourism possible and how tourism can become a major factor in the wealth of any nation. Explains the social, cultural, economic and psychological aspects of travel and tourism. The appendices contain pertinent material concerning key travel industry contacts as well as travel and tourism information sources.From the Back CoverA new edition of the bestselling introduction to tourism textbook From the local to the global level, the forces that shape today's economic and social conditions also affect the tourism industry.
