WandaliciousWe bought this book for our trip to Tokyo Disney Resort last year and we are just about to buy the updated edition for our next trip later this year. Yes, you can get a lot of this information on line, but it's great to have it in a portable and handy format to take with you, especially on trains, planes, etc. The information inside is invaluable and really helped us make the most of our trip to the Tokyo Disney Resort - we marked up our copy with colored tabs - one color for food, one color for Disneyland, one color for Disney Sea.If you have limited time, or you just enjoy the Disney experience, you will really enjoy and use this book. Even if you are just DREAMING of going to the Tokyo Disney Resort, this book makes a great "wish list" as it compares all the rides to their counterparts in the US. Highly recommended.2 of 2 people found the following review helpful. Must have if going Toyko DisneylandBy RenHGGreat fun to read book with interesting facts about planning trip to Toyko from start to finish. Very helpful with how best to get to resort upon arrival in Toyko. I have my tickets purchased and rooms booked for June 2012. I am spending a few nights at all three Disney hotels. Saving Miracosta for last and 3 nights. Book was very good at describing all three hotels and both parks. I have searched the Internet and I do not believe there is a better book to help plan a trip to Disney Toyko Resort (unless you can read Japanese !). A fun read for Disney fans who can not go but want to get a feel for the parks. Disneysea sounds like no other park in the world. Book does great job of making you want to go even more. Great job to the auther in providing great common sense insights and any possible issues that could arise.1 of 1 people found the following review helpful. very helpfulBy CustomerWe will be visiting with very young grandkids, so it is useful to know which attractions are best for them and what to expect as far as lines and cultural differences between this park and the American parks.
