found the following review helpful. Lovely book for traveling to ArizonaBy BeckalinaI purchased this book for my mother before we took a trip to Arizona together. It is beautiful and was very helpful in planning our trip.4 of 7 people found the following review helpful. Detailed and beautiful book; Indian Travel Guide makes you want to go!By JGLThe research that was clearly put into this book makes for a great read - even if you don't follow the travel physically. The gorgeous photography and the written detailed history made me want to travel to these different Indian reservations to learn more. Fascinating. This is a beautiful book and a very informative guide to traveling the Indian habitat.
